_1. Descargar el instalador de IBM MQ v9.3 en Windows aquí
https://developer.ibm.com/tutorials/mq-connect-app-queue-manager-windows/

Step 1. Download IBM MQ

Grab IBM MQ Advanced for Developers for Windows ↗. This is a large file, so will take some time.

Unzip the download and take note of the location of your MQ Server folder.

Luego seleccionar la opción «IBM MQ Advanced for Developers for Windows».
