

IBM Docs:

<https://apic-api.apiconnect.ibmcloud.com/v10/#/documentation/introduction>

The screenshot shows the IBM API Connect v10.0.x documentation interface. On the left is a navigation sidebar with a search bar and a list of topics including 'Introduction', 'Concepts', 'Authentication', and 'IBM API Connect Platform - Cloud Management API ...'. The main content area features a blue header with the text 'Open API Explorer Documentation' and a section titled 'Introduction'. A red box highlights the first sentence of the introduction: 'The platform REST APIs documented here for IBM API Connect v10 provide complete access to the ca...'. Below this, the text continues: 'used to automate administration of the platform; for scripts and tools to support a continuous integrat... and publishing; and for management of catalogs of APIs and their subscribers. The operations provide directly with commands in the toolkit CLI.'
