

The screenshot shows the IBM App Connect API Explorer interface. At the top, it displays 'Server: TEST_SERVER / API: ExampleMain'. Below this, the API name 'ExampleMain' is shown with an 'api' icon. A navigation bar includes 'Documentation' (selected), 'Contents', 'Properties', 'Flow statistics', and 'Other resources'. On the left, a sidebar contains a search filter and a list of items: 'Overview' (highlighted), 'POST /hello', and 'Definitions'. The main content area is titled 'Overview' and shows details for 'Example2'. It lists the following information:

- Type: REST OAS2
- Protocol: HTTP
- Endpoint: http://aprendeibm:-1/example2/v1

At the bottom of the overview section, there is a link to 'Download OpenAPI Document' with a download icon.
