

The screenshot shows the IBM App Connect Enterprise 12 API Explorer interface. At the top, it displays 'Server: TEST\_SERVER / API: ExampleMain'. Below this, the API name 'ExampleMain' is shown with a small 'api' icon. The interface has a navigation menu on the left with options: 'Documentation' (selected), 'Contents', 'Properties', 'Flow statistics', and 'Other resources'. A search bar with the text 'Filter' is also present. The main content area is titled 'Overview' and shows details for 'Example2'. The details include: 'Type' (REST OAS2), 'Protocol' (HTTP), and 'Endpoint' (http://aprendeibm:-1/example2/v1). A link to 'Download OpenAPI Document' is provided at the bottom of the overview section.
