

The screenshot shows the 'Trace Node Properties - Trace' dialog box. On the left, a diagram shows a 'Q Get' node connected to a 'Trace' node, which is highlighted with a red box. The dialog has two tabs: 'Basic' and 'Monitoring'. The 'Basic' tab is active, displaying the following fields:

- Destination\*: File
- File path: C:\IBM\_LOG\proyecto-iib10\trace.log
- Pattern: \${Root} \${ExceptionList}
- Message catalog: (empty)
- Message number: 3051

#

C:\IBM\_LOG\proyecto-iib10\trace.log

#

\${Root}  
 \${ExceptionList}

#

\${Root.XMLNSC}  
 \${ExceptionList}
