

The screenshot shows the IBM Integrated Solutions Console interface. On the left is a navigation tree with 'Deployment manager' selected. The main content area shows the 'Process execution' configuration page. The breadcrumb path 'Deployment manager > Process definition > Process execution' is highlighted in red. Below this, the 'General Properties' section contains several fields: 'Process Priority' (20), 'UMASK' (022), 'Run As User' (empty), 'Run As Group' (empty), and 'Run In Process Group' (0). The 'Run As User' and 'Run As Group' fields are highlighted with red boxes and red arrows. At the bottom are 'Apply', 'OK', 'Reset', and 'Cancel' buttons.
